

## **User Story - Customer**

1. As a customer I would like to be able to deposit money to my account, so I can save money.
2. As a customer I would like to be able to withdraw money to my account, so I can use money.
3. As a customer I would like to be able to see all my transactions, so I know what and when money transfers have been made.

## **User Story - Accountant**

1. As an employee of the bank I would like to be able to add customers to the bank, so we can get customers in the system.
2. As an employee of the bank I would like to be able to transfer money between accounts, so we can establish a control over the bank and its accounts.
